

## NEW SEATTLE PARKS AND RECREATION REGISTRATION SYSTEM COMING SOON!

In late November, Seattle Parks and Recreation will be rolling out a **new** registration system allowing you to register and pay for activities, sign up for passes, and reserve facilities.

The new system has many benefits and is extremely easy to use. You'll be able to search for your favorite activities by keyword, age, day, time, location and more. Gone are the days of waiting for an online account to be created or a barcodes/pin to remember! You'll also be able to store a favorite method of payment, which will make the registration process faster and more convenient.

Once the system has been released, you will need to create an account to use it. This will be a simple process that will only require a few steps. Once you're set up, you'll be able to register for activities. Stay tuned for more information on how to set up an account.

Until the launch in late November, please continue to use your preferred registration method: online with SPARC, over the phone, or in person at a recreation facility.

Questions? Please contact your local recreation facility.
